DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 14 is rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over both Cai and Hooker. Claim 14 is rejected in the same manner as in the first rejection, paper No. 6. Both Cai and Hooker teach cartons having first ends, and which are divided into first and second compartments which are simultaneously accessible at the first end. Cai's access is from the top, and Hooker's from the side, through door 11.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 15 is rejected under 35 U.S.C. 103(a) as being unpatentable over Hooker in view of Keeton. Claim 14 is rejected in the same manner as in the first rejection,

Art Unit: 3728

paper No. 6. Claim 15 is rejected in the same manner as in the first rejection, paper No. 6.

Response to Arguments

Applicant's arguments filed September 26, 2002 have been fully considered but they are not persuasive. Contrary to Applicant's remarks on pages 2 and 3, the fact that Cai's carton is *intended* to be used for holding food items is not germane; his carton clearly *could* be used to ship a pet bed. His carton clearly could also be used to compress a (smaller) pet bed. Contrary to the remarks on pages 3 and 4, it is submitted that the Hooker carton teaches the limitations of claim 14 as stated in the rejection. How are the two compartments in the Hooker carton not simultaneously accessible at the first end, as required by claim 14?

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
